

Raza Lilani

Sr. Project Manager at INVISION Solutions Inc.

lilaniraza786@gmail.com

Summary

I'm an accomplished professional with more than 3 years of project management experience. My strategic, business and leadership skills have resulted in numerous successful technology projects which includes the roll-out of a wide variety of IT business applications covering complex web as well as mobile applications. My core capabilities can be summarized as follows:

- I am skilled at managing the delicate balance between IT project teams, company resources, client needs, and outside vendors in order to achieve successful project outcomes.
 - I have demonstrated flexibility and can adapt to a wide variety of situations.
 - I have the ability to quickly respond to changing conditions and unexpected obstacles and/or challenges.
 - I excel at team collaboration and work actively with stakeholders to assess their needs, provide information, communicate expectations and am committed to providing quality products and services.
 - My Technical skills and years of experience in software and mobile app development enable me to resolve routine process difficulties and projects delivery with total ease.
-

Experience
